

United Pet Fund :

“Connecting Business Generosity with organizations that care for animals in need.”

*“We make it **EASY** for you to help thousands of animals in need across the Midwest!”*

United Pet Fund (UPF) is a 501(c)(3) nonprofit that connects businesses with shelters, rescues, and advocacy groups throughout Ohio and the Midwest. Instead of letting surplus, returned, or outdated pet and cleaning supplies end up in landfills, we put them to use saving animals and helping the organizations that care for them.

Why Partner with UPF?

- Maximize your impact: Help 10,000+ animals a year.
- Sustainability: Reduce waste by keeping useful items in circulation.
- Tax benefits: All donations are tax-deductible based on Fair Market Value (FMV).
- Corporate goodwill: Your support shows real community impact.
- We handle the logistics: Our team schedules and pays for pickup of donated resources.
- UPF reduces landfill waste by putting unsellable, expired, or discontinued items to good use.
